

IF THE PEOPLE LEAD, THE LEADERS WILL FOLLOW
3 Ways to Build the Movement for Single Payer this Election Season

1. Educate yourself about single payer and other solutions to the health crisis.

Helpful websites: www.healthcareforallcolorado.org
www.healthcare-now.org
www.pnhp.org

2. Educate others.

Engage friends and relations in a conversation about health care reform.

Arrange for a presentation about single payer/health care reform for your organization or congregation. HCAC can help you find speakers in your area.

Write a letter to the editor about single payer/health care reform.

3. Get involved in the political process.

Support candidates who support single payer. Actively volunteer for at least one candidate. HCAC has sent out questionnaires to candidates for Congress and the Colorado Legislature and we are posting the results on our website. Attend candidates' forums and ask questions about health care reform.

Carry our HCAC Single Payer petition(it's posted on our website) in your purse or pocket, and ask folks to sign it (and be sure they print clearly and fill in all the columns). Return to HCAC
