

**STORM
THE
CAPITOL!!!**

**THURSDAY
JANUARY 31, 2008**

**12
NOON**

Rally with Health Care for All Colorado and other groups at the Colorado State Capitol on Thursday, January 31 at 12 noon, just before the Blue Ribbon Commission for Health Care Reform presents to our legislators.

Americans pay twice as much as citizens of other countries do for health care. So where is our health care security? CHANGE is in the air. Tell our legislators that you support guaranteed health care!

BEFORE THE RALLY:

Meet at **Central Presbyterian Church at 10 a.m.** (1660 Sherman, a block north of the Capitol Building) to share your health care story for YouTube, make signs, network, and get information on single-payer health care — endorsed by the Colorado League of Women Voters, the Colorado Nurses Association, the Rocky Mountain Farmers Union, the Colorado Education Association and many others.

We'll march to the Colorado Capitol (at Colfax and Sherman) at 11:30 a.m., and rally at noon on the West Steps.

AFTER THE RALLY:

Immediately following the rally, you'll have the chance to take the message for real, sustainable, comprehensive health care reform, as embodied in the Colorado Health Services single-payer plan, to your legislator's office.

Come Create Change!

"It is more honorable to repair a wrong than to persist in it."

— Thomas Jefferson
